

AEROSOL WOMEN'S SHAVING GEL IN B.O.V. SYSTEM

IGEPAK S.A., a contract filler and company with a wide expertise in the development and production of aerosol products, has developed a WOMEN'S SHAVING GEL in B.O.V. system that allows show off soft and silky legs, armpits and bikini line, through a fast epilation, easily affordable by all.

ANTI-IRRITATING FORMULA

The Women's Shaving Gel ensures a close and comfortable shave even with the most sensitive skins. **Its protective film minimizes friction and improves razor glide during shaving.**

SOOTHES AND REGENERATES THE SKIN

It contains **aloe vera**, which soothes and regenerates the skin after shaving, **argan oil** to help maintain skin hydration and smoothness and **allantoin**, which acts as an anti-irritant.

The Women's Shaving Gel protects against micro cuts and shave irritations.

As a result, the skin looks healthy and feels comfortable and smooth.

HOW TO USE THE SHAVING GEL

Release gel in the palm of the hand. Massage directly on wet skin to form a reach, creamy lather. Shave and then rinse.

IGEPAK S.A. offers turnkey tailor-made solutions from developing, producing and filling aerosols to delivering anywhere in the world. It also provides support regarding existing regulations The Company's facilities include: White room, water treatment plant (osmosis and CDI), seven fully automatic filling lines. Three of these lines are prepared for filling with the B.O.V. system.
